This product contains 185 mg of elemental Calcium per capsule counted towards your daily Calcium needs.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Today's modern farming and food processing methods can often deplete valuable minerals from our diet. Coral Calcium Plus contains Coral Calcium, Magnesium and Vitamin D3. Vitamin D promotes bone health and aids in Calcium absorption.* The Coral Calcium in this product is mined, not collected, from an above ground source – making it environmentally friendly as it prevents damaging coral reefs.

**Adequate calcium as part of a healthful diet, along with physical activity, may reduce the risk of osteoporosis in later life.
