

Ingredients: Ion-exchanged, microfiltered non-rBGH whey protein isolate (milk), non-rBGH whey protein concentrate (milk), natural vanilla flavor. Less than 1% of the following: carrageenan, free-form L-glutamine (vegetarian), stevia, sunflower lecithin.

The whey protein used in our product is sourced from an origin that does not permit the use of rBGH, recombinant bovine growth hormone.

CONTAINS NO artificial colors, flavors or preservatives; no wheat, gluten, eggs, peanuts, tree nuts, soy, crustacean shellfish or fish.

Directions: Add one heaping scoop (included in can) of powder to 8 oz. of milk, juice, yogurt, pudding or favorite beverage. Thoroughly shake or blend the product to ensure it is well dispersed. Store at room temperature, not exceeding 77° F.

Whey supports the body's ability to maintain, increase, and repair muscle by absorbing and retaining nitrogen. It also provides the milk proteins, B-lactoglobulin, A-lactalbumin, immunoglobulin, glycomacropeptide, and lactoferrin, which are important for immune system function.†

Whey surpasses even whole eggs in its ability to deposit nitrogen in the muscle. Our **Whey Protein Powder** product has highly bioavailable undenatured protein and Branched Chain Amino Acids (BCAA's), making it ideal to promote muscle repair, maintenance and growth. The free-form amino acid glutamine has been added to further support muscle health.†

Our proprietary process uses only natural enzymes and high quality membrane filters to separate the whey and preserve the essential nutrients. This state-of-the-art processing using low temperatures creates a complete spectrum of whey peptides, improving nitrogen retention, supporting immune system health, and providing antioxidant protection. Whey supports cellular glutathione levels, one of nature's important antioxidants.†
