

SUGGESTED USE:** Take 4 capsules daily.

WHAT IS L-LEUCINE?

L-Leucine is referred to as a Branch Chain Amino Acid (BCAA) and is a part of the Essential Amino Acid family. L-Leucine is important for muscle recuperation, muscle energy and muscle growth.**

WHAT'S IN L-LEUCINE?

L-Leucine can not be produced by the body and must be supplied through your diet. BCAA's enter your bloodstream and attach directly to muscle where they repair damaged muscle tissue. This process helps ensure maximum muscle recovery and growth!**

WHAT ELSE DOES L-LEUCINE CONTAIN?

L-Leucine also contains Vitamin C and Vitamin B6. This combination of Vitamins aid in bioavailability, while Piperine ensures maximum absorption of the primary BCAA ingredient.**
