

HEMP SUPERFOOD

Our Hemp Gold is minimally processed from whole Hemp seeds in a process that keeps the antioxidants, vitamins, minerals, and enzymes intact. Flavored using all-natural flavors and a touch of natural sweeteners, our delicious Hemp Gold naturally fuels your body unlike any other protein.

Hemp is a "whole" protein rich in essential fatty acids, Branch Chain Amino Acids (BCAA's), vitamins, minerals, fiber, and antioxidants.

Unlike most proteins, Hemp has the perfect balance of Omega-3 and Omega-6 fatty acids while containing all 10 essential amino acids.

Contains no psychoactive properties and THC is below detectable levels in standard drug tests.
