ORGANIC RAW BAOBAB FRUIT POWDER

Native to Africa, the baobab tree produces fruit with a highly nutritious pulp that can benefit your overall health. As an abundant source of vitamin C (six times the vitamin C found in oranges), as well as vitamin B6 and thiamine, baobab may help improve your immunity, fight feelings of fatigue, boost energy and improve your mood. It's also a great way to get natural dietary fiber and calcium for digestive health. Baobab contains a substantial amount of antioxidants, which help to prevent damage to the body from free radicals.[†]
