

ALC-600

NATURAL AMINO ACID

- Regulate Fat Metabolism
- Enhance Immune System & Hormone Levels

EXCELLENT
MOOD ENHANCER

DIETARY SUPPLEMENT • 120 (600mg) CAPSULES

ALC 600™ is the much more efficiently absorbed form of L-Carnitine, a natural amino acid found in meats and dairy products. ALC plays a vital role in the metabolism of fats to energy. ALC is great for replenishing energy post workout. Studies have shown a positive impact on immune function, testosterone regulation, mood enhancement and mental alertness. Anti-aging studies have shown a significant increase in myocellular energy production and healthy cardiovascular function.

SUGGESTED USE: 1 Capsule 1-2 times daily.

WARNING: Consult your physician before taking this or any dietary supplement. Men with a prostate condition or who are susceptible to prostate disease should consult with their physician before using this product. Women should not use this product if pregnant, nursing or lactating. If you are using birth control pills, please consult your physician before use. Not intended for use in persons under 18 years of age. Please consult a physician before use if you are taking prescription medications.
