

Extreme Energy Nitric Oxide Muscle Performance Amplifier

What Is naNO Vapor® Hardcore Pro Series™?

naNO Vapor® Hardcore Pro Series™ is an extremely powerful pre-workout energy nitric oxide muscle performance amplifier. naNO Vapor® Hardcore Pro Series™ was ingeniously formulated with key ingredients that are designed to deliver rapid muscle pumps, amplified training intensity and explosive muscle and strength gains.[▲]

Powerful Key Ingredients Deliver These Effects:

- **HEIGHTENED TRAINING INTENSITY[▲]**
- **AMPLIFIED NITRIC OXIDE RELEASE[▲]**
- **RAPID AND EXTREME PUMPS[▲]**
- **INCREASED ONE-REP MAX STRENGTH[▲]**
- **INCREASED ENERGY LEVELS[▲]**
- **MUSCLE GROWTH ACTIVATION[▲]**
- **IMPROVED REPEATED MUSCLE POWER[▲]**
- **AMPLIFIED ATP RESYNTHESIS[▲]**

Scientific Study: Test Subjects Gained Over 7 lbs. of Muscle

¹ Third-party research, conducted at a leading university with 22 untrained subjects divided into three groups, which was published in *Medicine & Science in Sports & Exercise*, showed test subjects that consumed a key musclebuilding compound in naNO Vapor® Hardcore Pro Series™ with training gained 7.12 lbs. of muscle while subjects using a placebo with training gained 1.30 lbs. after 12 weeks.[▲]

Research Test Subjects Increased Strength by 18.6%

² In a separate third-party study on 31 weight-trained subjects divided into three groups, subjects using the same key musclebuilding compound used in the study mentioned above increased their strength capacity on the bench press by 18.6% compared to baseline in 10 days (6658 vs. 5613 joules). This test was performed using 70% of the subjects' one-rep max bench press. Repetitions were counted to the one-half repetition and the results were multiplied by force exerted and distance travelled and then converted to joules.[▲]

Featuring Micro-Diffuse™ Technology

When developing the formula for naNO Vapor® Hardcore Pro Series™, Team MuscleTech™ employed Micro-Diffuse™ Technology. This advanced technology delivers smaller, micron-sized particles of a key musclebuilding ingredient with enhanced dissolution and dispersion properties. This advanced process is only used in premium supplements found in the industry.[▲]

MICRO-DIFFUSE™ TECHNOLOGY

The design of this advanced technology uses a high-pressure processing system to place massive centrifugal forces upon thousands of particles of a key driver in naNO Vapor® Hardcore Pro Series™.[▲]

OTHER INGREDIENTS: MALTODEXTRIN, DEXTROSE, NATURAL AND ARTIFICIAL FLAVORS, CITRIC ACID, SODIUM CITRATE, CALCIUM SILICATE, ACESULFAME-POTASSIUM, SUCRALOSE, FD&C BLUE NO. 2 LAKE, FD&C BLUE NO. 1 LAKE, FD&C BLUE NO. 1. CONTAINS SOY, PEANUT AND MILK INGREDIENTS.

DIRECTIONS: This is an extremely strong product. Please read the entire directions before consuming, and follow the tolerance assessment protocol. Due to the potency of this formula, start off by assessing your tolerance first by mixing 1 serving (1 scoop) with 8 oz. of cold water and drinking it about 30 minutes before your daily workout. Then increase the dosage to 2 and then 3 servings mixed with 8 to 12 oz. of cold water before working out. Do not exceed 3 servings (3 scoops) in a 24-hour period.

WARNING: Not intended for use by persons under 18. Do not use if pregnant or nursing. Discontinue use and consult a medical doctor if you experience unusual symptoms. Do not use if you have had a myocardial infarction (heart attack). Inhalation may amplify the inflammatory airway response in people with asthma. Consult a medical doctor before use if you have been treated for or diagnosed with, or have a family history of any medical condition, or if you are using any prescription or over-the-counter drug(s), including blood thinners. One serving (1 scoop) of this product contains up to as much caffeine as one and one-half cups of coffee (156 mg). Caffeine sensitive individuals may experience the following symptoms including (but not limited to) restlessness, nervousness, tremors, headache, anxiety, palpitations, increased heart rate or difficulty sleeping. Do not combine with other sources of caffeine. Consult a medical doctor before starting any diet or exercise program. Do not exceed recommended serving. Improper use of this product will not improve results and is not advised. Use only as directed. Do not refrigerate. **Do not use if packaging has been tampered with.** Store in a cool, dry place (60°F to 80°F). **KEEP OUT OF REACH OF CHILDREN.**
