

What Is Nitro Isolate™ Pro Series?

Nitro Isolate™ Pro Series™ is certainly not your run-of-the-mill protein formula. This advanced formula was designed for elite athletes who demand the absolute best of the best! **Nitro Isolate™ Pro Series™** is an ultra-premium, 100% whey protein isolate formula that's engineered to build muscle – and, it tastes absolutely delicious!▲

What You NEED to Know About Nitro Isolate™ Pro Series™!

- Contains ultra-fast-absorbing and remarkably pure whey protein isolate
- Builds lean muscle, helps inhibit catabolism and supports muscle recovery▲
- Delivers a massive 65g dose of protein with each full serving
- Provides 11g of anabolic leucine and a total of 20g of BCAAs
- Supplies you with 12g of glutamine and its precursor
- Utilizes Tri-Phase Filtration Technology for enhanced purity
- Designed for elite athletes who demand the best of the best
- Mouth-watering rich taste with 0g of trans fat and 0 aspartame

Builds Lean Muscle. Helps Inhibit Catabolism. Supports Muscle Recovery▲

Nitro Isolate™ Pro Series™ will help inhibit catabolism, support muscle recovery and build lean, quality muscle when combined with your hardcore training program and when used to help meet your daily protein needs.▲ And if these are your goals then leucine, branched chain amino acids (BCAA) and mega doses of high-quality protein are all very important ingredients.

Each full serving of **Nitro Isolate™ Pro Series™** delivers a total of 65g of protein, 11g of leucine, 20g of BCAAs and 12g of glutamine and its precursor. The ultra-fast-absorbing whey protein isolate that has been loaded into the **Nitro Isolate™ Pro Series™** formula helps build lean muscle and inhibit catabolism while supporting muscle recovery.▲ This high-quality protein also delivers the anabolic BCAA leucine, as well as other valuable BCAAs. BCAAs have been shown to help cause protein synthesis, a key metabolic mechanism for putting on more lean muscle and helping to prevent muscle breakdown.▲ And to set this formula apart, additional anabolic leucine has been added to help create an environment conducive to muscle growth.▲ **Nitro Isolate™ Pro Series™** is unquestionably the whey isolate formula of champions!

Features Tri-Phase Filtration Technology to Enhance Purity by Reducing Fat, Lactose and Impurities

Nitro Isolate™ Pro Series™ harnesses the power of Tri-Phase Filtration Technology. Through three phases, this technology is designed to enhance the purity of whey protein by reducing fat, lactose and impurities. This advanced process is only used in premium supplements found in the industry.

- 1) **Microfiltration** is the process of reducing fat to help make the whey protein in **Nitro Isolate™ Pro Series™** a perfect protein choice for athletes who want a muscular physique.
- 2) **Ultrafiltration** involves the concentration of whey protein, which entails reducing lactose, a specific type of sugar.
- 3) **Membranofiltration** involves the reduction of impurities from the whey protein. It purifies and concentrates solids, which makes the protein component in **Nitro Isolate™ Pro Series™** ultra pure.

Ultra-Fast-Absorbing, Exceptionally Pure, Elite-Level Protein

One hundred percent of the whey protein component in **Nitro Isolate™ Pro Series™** is ultra-pure, rapid-absorbing whey protein isolate, which has one of the highest tested Biological Values (BV). BV is a value given to protein sources to measure how well they are absorbed and utilized in the body; it was originally based on egg protein which has a BV of 100. But **Nitro Isolate™ Pro Series™** provides protein with a BV greater than that of egg protein, making it a truly remarkable source of protein!

You'll also be completely blown away by the mouth-watering rich taste of **Nitro Isolate™ Pro Series™**. Industry-leading flavor experts conducted internal blind-comparison taste tests to create an unparalleled flavor experience with each delicious shake.

Nitro Isolate™ Pro Series™ is your top choice for an elite-grade whey protein isolate formula.

OTHER INGREDIENTS: PROTEIN BLEND (HYPER-PURE WHEY PROTEIN ISOLATE [90% PURITY], HYDROLYZED WHEY PROTEIN ISOLATE), NATURAL AND ARTIFICIAL FLAVORS, SOY LECITHIN, GUAR GUM, SUCRALOSE, ACESULFAME-POTASSIUM. **CONTAINS SOY AND MILK INGREDIENTS.**

Directions: In a blender, shaker cup or even in a glass with a spoon, mix 1 serving (2 scoops) with 8-10 oz. of water and drink. Take twice daily. Drink 10 glasses of water daily for general good health. Read the entire label before use and follow directions provided.

Remember, you can customize your shake! Add less water for richer shake or more water for a lighter tasting shake. And if you're preparing your shake in a blender, consider adding fruit, peanut butter, yogurt, almonds or other ingredients to suit your craving!

MULTIMILLION-DOLLAR RESEARCH BUDGET

A portion of every single dollar spent on **MuscleTech®** supplements goes back into supporting its research and development efforts, which include funding scientific research, reviewing third-party scientific studies and consulting with leading university researchers.

WARNING: Not intended for use by persons under 18. Do not use if pregnant or nursing. Do not use if you have had a myocardial infarction (heart attack). Discontinue use and consult a medical doctor if you experience unusual symptoms. Inhalation may amplify the inflammatory response in persons with asthma. Consult a medical doctor before use if you have been treated for, or diagnosed with, or have a family history of any medical condition, or if you are using any prescription or over-the-counter drugs), including blood thinners. Consult a medical doctor before starting any diet or exercise program. Do not exceed recommended serving. Improper use of this product will not improve results and is not advised. Use only as directed. Do not refrigerate. Do not use if packaging has been tampered with. Store in a cool, dry place (60°F to 80°F). **KEEP OUT OF REACH OF CHILDREN.**
