THE TRUE ORIGINAL SINCE 1983

ANIMAL TRAINING PACKS

PAK

WHO WE ARE In 1983, Animal was founded with the birth of Animal Pak, the venerable training "pack" that started it all. Born from the real needs and desires of professional bodybuilders, Animal has grown prodigiously over the decades. Today, as yesterday, the name Animal stands for trust, integrity and a unique no nonsense approach to the game. Animal also represents a group of products that have stood the test of time, proven again and again in the labs, and in the trenches where it counts most... The gym and the stage. Dedicated to serious nutrition for the serious athlete, Animal is your choice when it comes to complete and comprehensive supplementation. Animal. The choice of champions. **WHAT ANIMAL PAK® IS** The true original since 1983... For three decades and counting, Pak has been the choice for hard-nosed, uncompromising strength athletes all over the world. A complete and potent training pack, it is specifically designed and formulated for competitive and world-class bodybuilders and powerlifters. Animal Pak is foundational supplementation, "core" nutrition that provides the basic and fundamental nutritional framework for any lifter serious about iron warfare. Think of it as the power athlete's nutritional "insurance". Alone or "stacked" with other Animal products, Animal Pak is the starting point. There are many imitators, but there's only one Animal Pak. The one and only.*
