EASY ABSORPTION

MegaRed

OMEGA-3 KRILL OIL 300 mg

ACTUAL BOTTLE SIZE

Eco-Friendly. Krill is one of earth's most abundant and sustainable organisms. The harvest of krill is well below conservative international catch guidelines.

MegaRed® goes a step further by only sourcing krill from the Antarctic where krill is most abundant. This helps the ecosystem maintain a healthy, sustainable krill population.

CERTIFIED SUSTAINABLE SEAFOOD MSC www.msc.org

C-023423

This product comes from a fishery that has been independently certified to the MSC's standard for a well-managed and sustainable fishery.

SUPERBA® MADE WITH SUPERBA KRILL OIL

MAY REDUCE THE RISK OF CORONARY HEART DISEASE‡

heart health

MegaRed® contains oil from 100% pure Antarctic krill, tiny crustaceans that thrive in the frigid waters of the Antarctic. Just one small **MegaRed®** softgel provides an optimal combination of omega-3 fatty acids and the powerful antioxidant astaxanthin to support heart health.* Research has shown that omega-3s may reduce the risk of coronary heart disease.‡

COMPARE TO FISH OIL

	MegaRed softgel	Fish Oil softgel
100% pure Antarctic Krill oil	✓	
Contains Omega-3 Fatty acids	✓	✓
Just one small softgel per day	✓	
No fishy aftertaste	✓	
In phospholipid form for easy absorption	✓	
Contains powerful antioxidant astaxanthin	✓	

In order for Omega-3s to be put to good use, they must first be absorbed by your body.

Traditional fish oil floats on top of your stomach, giving that unpleasant fishy aftertaste.

MEGARED® OMEGA-3 KRILL OIL IS DIFFERENT. ITS OMEGA-3s ARE CARRIED IN PHOSPHOLIPID FORM, SO IT:

- Easily mixes in the stomach and doesn't leave an unpleasant aftertaste.
- Is easily recognized and utilized by your body's cell membranes, which are also phospholipid, allowing easy absorption.

Just one small pill with no fishy aftertaste, that's why **MegaRed® Omega-3 Krill Oil** is the superior choice.

★ THESE STATEMENTS HAVE NOT BEEN EVALUATED BY THE FOOD AND DRUG ADMINISTRATION. THIS PRODUCT IS NOT INTENDED TO DIAGNOSE, TREAT, CURE OR PREVENT ANY DISEASE.

‡ Supportive, but not conclusive research shows that consumption of EPA and DHA Omega-3 fatty acids may reduce the risk of coronary heart disease.

◊ 300 mg is the minimum fill per softgel. Due to the natural variability of MegaRed's 100% pure krill oil, each softgel may include more than 300 mg to ensure labeled potency.
