Astaxanthin (from Krill Oil)	17 mcg ††

Serving Size 1 Softgel

DIRECTIONS: Adults take one (1) softgel daily.

MEGARED® OMEGA-3 KRILL OIL IS DIFFERENT. ITS OMEGA-3S ARE CARRIED IN PHOSPHOLIPID FORM, SO IT'S easily recognized and utilized by your body's cell membranes, which are also phospholipids, allowing easy absorption. Just one small pill with no fishy aftertaste, that's why **MegaRed® Omega-3 Krill Oil** is the superior choice.

In order for Omega-3s to be put to good use, they must first be absorbed by your body. Traditional fish oil floats on top of your stomach, giving that unpleasant fishy aftertaste.

COMPARE TO FISH OIL

MegaRed® contains oil from 100% pure Antarctic krill, tiny crustaceans that thrive in the frigid waters of the Antarctic. Just one small **MegaRed®** softgel provides an optimal combination of omega-3 fatty acids and the powerful antioxidant astaxanthin to support heart health. * Research has shown that omega-3s may reduce the risk of coronary heart disease.

Superna is a registered trademark of the Akor Group.

www.msc.org and sustainable fishery. MSC's standard for a well-managed fishery that this product comes from a fishery that has been independently certified to the Sustainable Standard.

Eco-Friendly. Krill is one of earth's most abundant and sustainable organisms. The harvest of Krill is well below conservative international catch guidelines. MegaRed® goes a step further by only sourcing krill from the Antarctic where Krill is most abundant. This helps the ecosystem maintain a healthy, sustainable krill population.
