MegaRed®

Super Omega
ONE SMALL SOFTGEL

500 mg

**High Concentration Fish Oil +
High Absorption Krill Oil**

25 SOFTGELS | DIETARY SUPPLEMENT

ACTUAL BOTTLE SIZE

Eco-Friendly. Krill is one of earth's most abundant and sustainable organisms. The harvest of krill is well below conservative international catch guidelines.

MegaRed® goes a step further by only sourcing krill from the Antarctic where krill is most abundant. This helps the ecosystem maintain a healthy, sustainable krill population.

This product comes from a fishery that has been independently certified to the MSC's standard for a well-managed and sustainable fishery. www.msc.org

Schiff® SURE DISSOLVE softgels are formulated to disintegrate within one hour.

Superba is a registered trademark of the Akar Group. **SUPERBA**

GUARANTEED: No added sugar (sucrose, fructose, dextrose), salt, potassium chloride, yeast, wheat, or milk. No Added Preservatives.

More than 2x
Omega-3
Concentration
vs. Fish Oil!

How Can MegaRed® Super Omega Help?

MegaRed® Super Omega – More than 2x Omega concentration! This special combination of powerful omega-3s helps to support a healthy heart and healthy triglyceride levels*. With more than 300 mg of EPA and DHA combined, **MegaRed® Super Omega** has more than 2x omega concentration than regular fish oil alone[†].

1 MegaRed® Super
Omega 500 mg softgel

= 1 standard fish oil pill

What are Omega-3 fatty acids, EPA and DHA?

Omega-3s are critical to human health and provide the building blocks for all your cells.

EPA and DHA are two different types of Omega-3s. Many studies have shown that higher intake of EPA and DHA helps to support healthy triglyceride levels.*

What is Krill?

Krill are tiny crustaceans that thrive in the frigid waters of the Antarctic. Differently from fish oil, oil from krill carries its Omega-3 in a phospholipid form which helps the absorption in the human body. The krill used for this product is 100% pure and harvested below conservative international catch guidelines.
