

2X MORE CONCENTRATED
OMEGA-3s
 Easily Absorbed
 +
 Krill Oil

What is MegaRed® Advanced 2x Concentrated Omega-3s?

MegaRed® Advanced is a special combination of high concentration fish oil and high absorption krill oil that has 2 times more Omega-3s vs. standard fish oil alone and supports 4 benefits.

May reduce the risk of coronary heart disease††

Promotes joint comfort*

HEART

Supports brain health*

500 mg softgel

= 1 standard fish oil pill

What are Omega-3 fatty acids, EPA and DHA?

Omega-3s are critical to human health and provide the building blocks for all your cells.*

EPA and DHA are two different types of Omega-3s. Studies have shown that higher intakes of EPA and DHA help support some of the most relevant areas of heart health.*

What is Krill?

Krill are tiny crustaceans that thrive in the frigid waters of the Antarctic. Differently from fish oil, oil from krill carries its Omega-3 in a phospholipid form which helps absorption in the human body.*

The Krill used in this product is 100% pure and harvested below conservative international catch guidelines.

WARNING: People with shellfish allergy, coagulopathy, or taking anticoagulants or other medications should notify their physician and be tested prior to taking dietary supplements.

Note: If pregnant, breastfeeding, or on prescribed medication, consult your physician before using this product.

* THESE STATEMENTS HAVE NOT BEEN EVALUATED BY THE FOOD AND DRUG ADMINISTRATION. THIS PRODUCT IS NOT INTENDED TO DIAGNOSE, TREAT, CURE OR PREVENT ANY DISEASE.

†Supportive, but not conclusive research shows that consumption of EPA and DHA Omega-3 fatty acids may reduce the risk of coronary heart disease.

Eco-Friendly. Krill is one of earth's most abundant and sustainable organisms. The harvest of krill is well below conservative international catch guidelines.

MegaRed® goes a step further by only sourcing krill from the Antarctic where krill is most abundant. This helps the ecosystem maintain a healthy, sustainable krill population.
