ENZYMATIC THERAPY

Caution: Do not use this product if pregnant, attempting to become pregnant, nursing or under the age of 12. Do not exceed recommended dose, or take longer than the recommended period as frequent or prolonged use may result in dependence. Do not use when abdominal pain, nausea, vomiting are present, have obstructions of the bile duct, serious liver conditions, gallstones, intestinal obstruction or inflammation is present, or have allergies to the Asteraceae/Compositae/Daisy family. People with impaired kidney function should only use under the supervision of a qualified professional. Consult a healthcare professional if you notice a sudden change in bowel habits that persist over two weeks. Rectal bleeding or failure to move bowels after use may indicate a serious condition. Discontinue use and consult a healthcare professional. This product should not be taken with medication as it may interfere with absorption. If you have any gastrointestinal disease or diabetes, consult a healthcare professional before use.
