

Scientifically Advanced Musclebuilding Protein Formula!

Nitro-Tech® Hardcore Pro Series – Scientifically Superior to Whey Protein!

Introducing Nitro-Tech® Hardcore Pro Series, a Scientifically Advanced Musclebuilding Protein Formula. Backed by a portion of a multimillion-dollar research and development budget, the Nitro-Tech® Hardcore Pro Series formula was ingeniously formulated to build upon the muscle and strength-building properties of whey protein – making it a truly technologically advanced musclebuilding whey protein formulation!▲

Unparalleled Gains in Dense Muscle with Nitro-Tech® Hardcore Pro Series

Nitro-Tech® Hardcore Pro Series is mega-dosed with multiple anabolic agents to deliver rapid and dramatic muscle gains for bodybuilders and athletes of all levels.†† In fact, advanced Nitro-Tech Hardcore Pro Series is now loaded with 25 percent more protein than the previous version and delivers 11 grams of leucine and 13 grams of additional BCAAs with every maxed-out daily dose! In addition, a key ingredient in Nitro-Tech Hardcore Pro Series features Micro-Diffuse™ Technology, designed to increase the dissolution of a critical anabolic agent by drastically reducing the size of the particles. Driven by the anabolic musclebuilding power of SynthePro®, and featuring the state-of-the-art blends NitroXen® and Insulogen®, Nitro-Tech® Hardcore Pro Series is truly a scientifically advanced musclebuilding protein formula.▲

University Research Supports Nitro-Tech® Hardcore Pro Series

In order to engineer Nitro-Tech® Hardcore Pro Series, Team MuscleTech™ teamed up with researchers from St. Francis Xavier University and the University of Saskatchewan to conduct some of the most innovative musclebuilding research in history. Nitro-Tech Hardcore Pro Series features Nitrogen Retention Technology, developed to drive superior nitrogen retention for faster and greater muscle gains than whey protein.* The power of Nitrogen Retention Technology is illustrated by the incredible muscle gains experienced by subjects using the core formula in Nitro-Tech Hardcore Pro Series along with a hardcore training program. Just check out the study results!† In a six-week, double-blind study involving 36 test subjects with at least three years of weight-training experience, subjects using the core formula in Nitro-Tech Hardcore Pro Series packed on an incredible 73 percent more lean muscle than subjects using whey protein (8.8 vs. 5.1 lbs.). Subjects using a placebo gained only 2 pounds of muscle.† In the same study, subjects using the core formula in Nitro-Tech® Hardcore Pro Series jacked up their bench press by 143 percent more than subjects using whey protein (34 vs. 14 lbs.). The placebo group only added 15 pounds.▲

Mouth-Watering Flavors Make Nitro-Tech® Hardcore Pro Series a Must-Have

Researchers at Team MuscleTech™ collaborated with product development specialists and industry-leading flavoring experts to develop a protein formulation with a velvety smooth taste to rival that of the richest, purest dessert delicacies known to man. Using a classically smooth, timeless vanilla flavor, and after conducting countless internal blind-comparison laboratory taste tests and vastly improving any prototype deemed somehow imperfect, Team MuscleTech™ researchers finally achieved flavor perfection. You'll be absolutely blown away by the rich, indulgent Nitro-Tech® Hardcore Pro Series Vanilla flavor.

SCIENTIFICALLY RESEARCHED MUSCLEBUILDING DOMINATION!

† In a six-week study on 36 subjects divided into three groups, test subjects using the core formula in Nitro-Tech® Hardcore Pro Series gained 73% (8.8 vs. 5.1 lbs.) more lean muscle than subjects using whey protein.▲

JACK UP YOUR BENCH!

†† In this same six-week study, subjects taking the core formula in Nitro-Tech® Hardcore Pro Series increased their bench press by 143% (34 vs. 14 lbs.) more than subjects using whey protein.▲

Protected by U.S. patents:
#6,136,339; #6,620,425; #6,274,161;
#5,719,119 and #6,326,313.

SCIENTIFICALLY DEVELOPED BASED ON RESEARCH AT:

ST. FRANCIS XAVIER UNIVERSITY • UNIVERSITY OF SASKATCHEWAN

SCIENTIFICALLY ADVANCED MUSCLEBUILDING WHEY PROTEIN FORMULA™,▲

NITRO-TECH® HARDCORE PRO SERIES

- Research Shows a Gain of 73% More Lean Muscle than Whey Protein Users!▲,†
- Delivers 11 grams of Leucine and 13 grams of Additional BCAAs with Every Maxed Out-Daily Dose!††
 - Gain 143% More Muscle Strength than Using Whey Protein!▲,††
 - Scientifically Shown to be Dramatically Superior to Whey Protein*

UNBELIEVABLE TASTE!

Vitamin E (as dl-alpha tocopheryl acetate) 30 IU	100%
Vitamin B6 (as pyridoxine hydrochloride) 10.5 mg	525%
Folic acid 87 mcg	17%
Vitamin B12 (as cyanocobalamin) 0.4 mcg	7%
Calcium 50 mg	9%
Iron 0.3 mg	2%
Phosphorus (as whey protein and dipotassium phosphate anhydrous) 65 mg	8%
Magnesium (as magnesium oxide) 31 mg	8%
Sodium 70 mg	3%
Potassium (as dipotassium phosphate anhydrous and potassium citrate monohydrate) 8 mg	<2%

Nitro-Tech® Hardcore Pro Series Proprietary Blend
(featuring Micro-Diffuse™ Technology) 5,002 mg

SynthePro®	
Citrate monohydrate	
AminoFlex (Cell-Specific Super Amino Acid Blend)	
L-aspartic acid	
Glycine	
Leucine	
L-carnitine alpha-tetraglutamate	
AminoFX (Precision Ratio Branched Chain Amino Acid Matrix)	
L-leucine	
L-isoleucine	
L-valine	
AminoChain (Rapid Absorbing Essential Amino Acid Matrix)	
L-threonine	
L-lysine HCl	
L-phenylalanine	
L-methionine	
L-tyrosine aspartate	
AminoActive (Ultra-Pure Conditional Essential Amino Acid Complex)	
L-glutamine	
L-glutamic acid	
L-proline	
L-cysteine	
Insulogen®	
Inositol	
Taurine	
Karyon Flour (as Amorphophallus konjac) (root)	
Supplying 90% glucomannan	
Alpha lipoid acid	
D-phenylalanine	
NitroXen®	
L-arginine	
L-arginine pyroglutamate	
Dipotassium phosphate anhydrous	
Tripotassium citrate monohydrate	
L-tyrosine	
Trans-fenolic acid	
AKG (alpha-ketoglutaric acid)	
ENZYM-LEX (Enzymatic Digestibility Matrix)	
Papain	
Amylase

OTHER INGREDIENTS: PROTEIN BLEND (WHEY PROTEIN CONCENTRATE [PROVIDING DI-, TRI-, OLIGO-, AND POLYPEPTIDES], PARTIALLY HYDROLYZED WHEY PROTEIN CONCENTRATE, HYPER-PURE WHEY PROTEIN ISOLATE [ION-EXCHANGED, 97% PURITY]), NATURAL AND ARTIFICIAL FLAVORS, GUAR GUM, CARBOXYMETHYLCELLULOSE, SOY LECITHIN, ACESULFAME-POTASSIUM, SUCRALOSE. CONTAINS MILK, SOY AND WHEAT INGREDIENTS.

Directions: Add 1 to 2 servings (1 to 2 scoops) of Nitro-Tech® Hardcore Pro Series to 4 to 6 oz. of cold water or skim milk and mix. For maximum results, consume 2 servings of Nitro-Tech® Hardcore Pro Series 3 times daily for 6 weeks.

Note: To maintain product freshness, store in a cool, dry place. This product is sold by weight. Some settling may occur. Shake container before use.

MULTIMILLION-DOLLAR RESEARCH BUDGET

A portion of every single dollar spent on MuscleTech® supplements goes back into supporting its research and development efforts, which include funding clinical research, reviewing third-party scientific studies and consulting with leading university researchers.

NOTICE: USE THIS PRODUCT AS A FOOD SUPPLEMENT ONLY. DO NOT USE FOR WEIGHT REDUCTION.

WARNING: If you experience a skin rash or any other allergic reaction, discontinue use and consult a medical doctor. Do not use if you have had a myocardial infarction (heart attack). Taking this product without adequate food may cause it to swell and block your throat or esophagus and may cause choking. Do not take this product if you have difficulty in swallowing. If you experience chest pain, vomiting or difficulty in swallowing or breathing after taking this product, seek immediate medical attention. Inhalation may amplify the inflammatory response in people with asthma. Do not refrigerate.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.
