

Solgar® Standardized • Full Potency™ (SFP)
Herbs are developed through a unique process
that integrates the ideologies of both traditional
herbalism and standardized herbal technology.
To ensure consistent and reliable phytonutrient
levels, we isolate a controlled amount of these
important active plant compounds. Then we
blend these enhanced, “standardized” com-
pounds with all of the components that occur
naturally in the whole herb. The result is a
potent, premium-quality standardized herbal
extract with all of the synergistic and beneficial
qualities found in nature.

Carefully Manufactured by:
Solgar, Inc.
