Our formula contains a super high concentration of 70% Omega-3 fatty acids, providing 980 mg from 1400 mg of fish oil. While regular strength fish oils typically contain 300 mg of Omega-3s from 1000 mg of fish oil, our formula undergoes additional purification steps to concentrate these essential fats and eliminate mercury, pcb's and dioxins. Omega-3 fatty acids are beneficial for joint health and help maintain triglyceride levels already within a normal range.* This softgel is coated which can help to minimize the aftertaste and fish burps.

WARNING: If you are pregnant, nursing, taking any medications, planning any medical procedure or have any medical condition, consult your doctor before use. Do not continue use and consult your doctor if any adverse reactions occur. Keep out of reach of children. Store at room temperature. Do not use if seal under cap is broken or missing.
