Supports Heart Health*
Important for Statin Users**

CARDIO HEALTH*

30 RAPID RELEASE SOFTGELS | DIETARY SUPPLEMENT

DIRECTIONS: For adults, take one (1) softgel daily, preferably with a meal.

Supplement Facts

Serving Size 1 Softgel

Amount Per Serving	%Daily Value
Calories	15
Calories from Fat	10
Total Fat	1 g 2%***
Q-Sorb™ Coenzyme Q-10	400 mg ****

***Percent Daily Values are based on a 2,000 calorie diet.
****Daily Value not established.

Other Ingredients: Rice Bran Oil, Gelatin, Vegetable Glycerin. Contains 2% of Soy Lecithin, Titanium Dioxide Color.

Q-Sorb™ is a natural, highly bioavailable form of Co Q-10, identical to that found in the body. Our unique formulation enrobes the key nutrients with antioxidants ensuring potency and purity. Finally, Q-Sorb™ is hermetically sealed in rapid release softgels, providing superior absorption. When choosing Co Q-10...make sure it's Q-Sorb™.

Statin medications can reduce Co Q-10 levels in the body. Co Q-10 can replenish what Statin medications may deplete.

**Note: Co Q-10 is not intended to serve as a replacement for Statin therapy, nor should you discontinue taking any prescribed medications while supplementing with Co Q-10.

Q-Sorb™ Co Q-10

400 mg

Supports Heart Health*
Important for Statin Users**

CARDIO HEALTH*

If you are currently taking Statin medications - reductions in Co Q-10 levels can occur in less than one month. In a clinical trial, researchers from Columbia University found a significant decrease of blood Co Q-10 levels in patients taking Statins after 30 days - a 51% decrease.¹ Furthermore, a review study found that eight out of nine controlled clinical trials with Statins resulted in significant depletions of Co Q-10 levels.² **Note: Co Q-10 is not intended to serve as a replacement for Statin therapy, nor should you discontinue taking any prescribed medications while supplementing with Co Q-10.

Even if you are not using Statin medications, Co Q-10 provides a host of benefits for heart health, energy metabolism and brain function.³ Co Q-10 is also an important antioxidant, helping to fight free radicals that can lead to cellular damage.⁴ Our natural levels of Co Q-10 can decline with age⁵, so it is important to supplement with a high quality and absorbable Co Q-10 product such as Q-Sorb™ every day.

Q-Sorb™ is a natural, highly bioavailable form of Co Q-10, identical to that found in the body. Our unique formulation enrobes the key nutrients with antioxidants ensuring potency and purity. Finally, Q-Sorb™ is hermetically sealed in rapid release softgels providing superior absorption. When choosing Co Q-10...make sure it's Q-Sorb™!
