

PROFESSIONAL USE ONLY

Not for resale on third-party websites, including, but not limited to, Amazon® and eBay®.

DIRECTIONS: Take one scoop daily, mixed with plain water, on an empty stomach, or as directed by your healthcare practitioner. Consume within 30 minutes of mixing.

Consult your healthcare practitioner prior to use. Individuals taking medication should discuss potential interactions with their healthcare practitioner. Do not use if tamper seal is damaged.

L-Glutamine is a conditionally-essential amino acid necessary for the maintenance of many metabolic functions. Under metabolic stress—such as illness/disease, injury, infection, surgery, chemotherapy, prolonged exercise, or environmental stress—physiological demands increase. L-glutamine supplementation can provide for the body's increased needs, and research suggests it may:

- Support Intestinal Health and Barrier Integrity*
- Support Healthy Immune Function*
- Support Muscle Mass Retention*
- Support Increased Glutathione Synthesis*
