Pro-NOS™

MULTI-FRACTIONATED WHEY ISOLATE COMPLEX

GET HUGE — Increases Mass-Building Amino Delivery*

GET PUMPED — Amplifies Nitric Oxide Levels by 950%*

GET RIPPED — Reduces Trunk (belly) Fat by 4.30%*

42 Grams of Protein Per Serving

CONTAINS ACTINOS™ NO-Amplifying Whey Isolate

VAT-Burn™ Fat Reducing Whey Isolate

FROM THE CREATORS
OF NO2 & CE2!

CLINICALLY TESTED
U.S. PATENT PENDING

ED BYRD'S REVOLUTIONARY NEW WHEY! The Physique-Altering Power of Peptide "Multi-Fractionation"

Pro-NOS is the biggest breakthrough in protein supplementation in over 20 years. It gives you the power to gain muscle and strip off fat faster than ever before. Without added ingredients. Just Protein. Here's how:

WHAT MAKES Pro-NOS DIFFERENT?

The stunning new technology is known as peptide "multi-fractionation." Unlike today's whey proteins that use peptide chains in their "randomly occurring" length, MRI has isolated the specific "interval" (length) within the peptide chains that holds all the concentrated power to change your body composition! You get two powerful physique-altering chain-length specific peptides in new Pro-NOS: ACTINOS™ increases nitric oxide by 950%. VAT-Burn™ strips off belly fat by 4.30%.*

BUILD MUSCLE AND STRIP OFF FAT - AT THE SAME TIME - WITH FRACTIONATED WHEY!

Chest. Arms. Abs. With Pro-NOS, you get it all. The patent-pending NO-generating whey peptide fraction (ACTINOS™) amplifies nitric oxide levels by up to 950%. Without arginine or "added ingredients." Just fractionated whey isolate. Your muscles feel bigger and thicker within days. At the same time, the whey peptide fraction that breaks down fat (VAT-Burn™) begins chiseling and sculpting your abs like never before.**

Pro-NOS IS IDEAL TO TAKE WITH ALL NO-GENERATORS!

Pro-NOS is designed to work synergistically with all nitric oxide products. You see, NO generators provide your body with arginine - the building block of NO. But it's the NOS enzymes that convert the arginine into nitric oxide. Pro-NOS makes sure you've got enough NOS enzymes. Finally, NOS is no longer the rate-limiting factor in NO production!*

With Pro-NOS, you get 42 grams of the highest quality whey isolates and concentrate! And it tastes great!

*Use in conjunction with your exercise routine.

PREPARATION: Mix 1 serving (2 scoops) of Pro-NOS with 12 fl. oz. of cold water or skim milk, mix well. Consume immediately.

DIRECTIONS: Take 2 servings of Pro-NOS daily.

Note: On training days, take one of your two daily servings within one hour after your workout.

FIG. A - Increase Nitric Oxide by 950%*

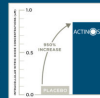

Figure A demonstrates how ACTINOS, the peptide that amplifies NOS enzymes, increases nitric oxide production in human endothelial cells by up to 950%.

FIG. B - Reduce Belly Fat by 4.30%*

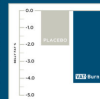

Figure B shows how subjects taking VAT-Burn, the peptide fraction that breaks down fat in humans, reduced trunk fat by 4.30%, as opposed to the calorie restricted specific control group. The study further demonstrated an overall body fat loss of 5.08% (16-week human clinical trial).

THE WHEY TO GET HUGE AND RIPPED AT THE SAME TIME!

ACTINOS is a trademark of Glanbia plc.
