

QUALITY PURE GLUTEN-FREE GREEN GRASS-FED NON-GMO DELICIOUS

BioChem® 100% Whey has been a pioneer in crafting whey protein for over 15 years and continues to be a leader in whey proteins today. Now from BioChem®, the #1 in Whey protein, comes the specially formulated 100% Greens + Whey. This protein uses the same high quality microfiltration/ultrafiltration method as our original 100% whey products to create an undenatured, pure whey protein isolate, and is sourced from grass-fed cows and NON-GMO ingredients to produce a pure whey protein powder. However, in addition, this formula is fortified with our proprietary Greens blend that provides antioxidant support. With greens like Alfalfa leaf and Barley Grass, which include chlorophyll, as well as Chlorella and Spirulina which provide the goodness of natural whole foods. This whey isolate is sourced and made in the U.S.A. and retains some of the immunoglobulins and lactoferrin as well as the 3 important branched-chain amino acids. Certified Gluten-Free, this DELICIOUS protein mixes easily to form a smooth and creamy Greens shake, or try as a perfectly complementary ingredient in your morning oatmeal. This formula also includes prebiotic organic agave inulin to help support microflora balance. Choose from either of our Classic flavors: a light Vanilla or creamy Chocolate. No artificial flavors, colors, or sweeteners. Simply 100% Whey.
