

ENRAGED
NUTRITION

www.enraged.com Made in the USA

When testosterone levels are diminished, estrogen levels are typically elevated - wreaking havoc on your hard-earned muscle. Enraged SURGE Post Cycle Therapy (PCT) reboots the body's natural production of testosterone, stops aromatase—an enzyme that the body uses to convert androgens to estrogen—and enhances liver health with powerful antioxidants. Restore testosterone, crush estrogen and retain the mass you've worked so hard to build!*

DIRECTIONS: Take 2 capsules at night. For best results, use for 4 to 8 weeks. Do not exceed 8 weeks of continuous use. Always check with a knowledgeable physician or health care practitioner before using any dietary supplement.
