

Suggested Use: Using the dosage chart, add 1-3 scoops of MRP to 8-14 ounces of cold water or your favorite beverage and stir, shake, or blend. To make a creamy smoothie, add 2-3 ice cubes and put into blender for 20-30 seconds. Vary the amount of liquid to meet your desired taste and consistency. *For delicious pudding:* Spoon stir water slowly into MRP powder until you achieve a pudding consistency. Place in a refrigerator or freezer for 20 minutes.
