

RAPID RELIEF LACTASE is designed to work gently and naturally with your digestive system to manage the uncomfortable symptoms associated with lactose intolerance. Lactase, a digestive enzyme, works to break down lactose – a sugar that is found in dairy products.[†]

When taken before your first bite or sip of dairy foods or drinks, it helps prevent and reduce common symptoms of lactose intolerance, including gas, bloating and diarrhea, so you can enjoy dairy foods without worrying about stomach discomforts.[†]

- Helps prevent gas, bloating and diarrhea[†]
- Improves dairy digestion[†]
- Soothes upset stomach[†]

Gluten Free, Vegetarian Product.

SUGGESTED USE: Take 1 vegetarian capsule with your first bite of foods containing dairy. You may increase the dosage to 2 capsules at one time if necessary.

After a period of 30-45 minutes, if you continue to eat foods containing dairy, it is recommended to take an additional dose of the product.
