TURMERIC

Turmeric or 'haldi' is one of India's most widely used spices. Not only is it used to add color and taste to our food but it is also a natural health and beauty secret for anti-inflammatory support.*

BIOTIN

- **Hair:** Nourishes & Strengthens Hair.*
- **Skin/Face:** Nourishes skin from the inside out as it minimizes toxicities from forming throughout the nervous system and manifesting itself on the skin's surface.*
- **Nails & Cuticles:** Strengthens nail cuticles and minimizes breakage.*

COLLAGEN

As we get older, our body's collagen production reduces which can result in an increase of wrinkles and fine lines. However, these signs of aging can be slowed down if the total body collagen levels can be increased.*

- **Collagen:** A skin care supplement with type 1 collagen helps rejuvenate skin to provide strength and elasticity.*
- **Vitamin C:** Helps support collagen production. Vitamin C is a powerful antioxidant that protects against damaging free radicals & helps support the immune system.*
