

Dynamic HGH contains an effective blend of natural compounds to stimulate human growth hormone (HGH) as well as testosterone production. Supports accelerated fat loss, increased lean muscle mass, and energy levels. Higher HGH levels have been associated with slowing the aging process while increasing growth, cell reproduction, and regeneration.*

OLYMPIAN LABS, INC. products are made with the highest quality ingredients and manufactured according to current Good Manufacturing Practices (cGMP).

CAUTION: If you are pregnant or nursing, have a medical condition, or are taking medication, consult your healthcare professional before using this or any other nutritional supplement. Discontinue use if allergic reaction occurs.
