

**CONTAINS: SOY**

**CoEnzyme Q10** (also known as ubiquinone) is found in the mitochondria of every cell and in high concentrations in heart tissue. It helps maintain cardiovascular health and energy production.†

CoEnzyme Q10 is a fat-soluble nutrient and therefore is best taken when combined with a small amount of fat. To overcome this, we've added oil to our CoEnzyme Q10 softgels. Our CoEnzyme Q10 contains no artificial emulsifiers, therefore you may notice a normal separation which does not affect potency.

**We Guarantee Our Supplements  
for Potency and Purity**
