Our digestive tracts often lose the ability to properly digest food as we age. Over time this can lead to indigestion, upset stomach, bloating and gas. The broad range of highly active digestive enzymes in **Digest-A-Mint** helps dissolve proteins, fats, starches and plant fibers thus allowing digestion to return to normal.† The natural peppermint freshens the breath and has been used itself for centuries as a digestive aid.†

**We Guarantee Our Supplements
for Potency and Purity**
