The Ester-C® Advanced Antioxidant Difference:

- Powerful antioxidant protection in a once daily formula*
- 24-Hour immune support of pH-neutral, non-acidic Ester-C®*
- 3800 ORAC units per serving, which contributes to your total daily antioxidant intake
- Whole food, fruit-based complex with 1000 mg of Ester-C® per serving, a superior level of nutritional advantage
- 100% Pure Ingredients

Ester-C® The Better Vitamin C®

Patented Ester-C® increases levels of Vitamin C in the body - getting into white blood cells, an important part of your immune system.* And because Ester-C® is buffered and non-acidic, it stays gentle on the digestive system...all day...and all night.*

Once daily Ester-C® has your immune health covered.* It supports circulation, is beneficial to joints and connective tissues, helps reduce the premature aging of cells, and forms the basis for healthy hair, skin and nails.* Helping to neutralize free radicals, Ester-C® also aids in nutritional absorption.*

DIETARY SUPPLEMENT

Ester-C® Advanced Antioxidant Formula delivers the 24-Hour immune support of patented, non-acidic Ester-C® Vitamin C with a concentrated complex of powerful food-based antioxidants in a once daily dose.* This proprietary combination provides 3800 ORAC (Oxygen Radical Absorbance Capacity) units per serving, which protects against free radical damage and the premature aging of metabolic cells.*

ORAC is a USDA recognized standard that measures the biological antioxidant activity of whole food compounds - the higher the ORAC value, the higher the antioxidant activity...the better for overall health.* Even with a healthy diet, supplementing with additional antioxidants provides a superior level of protection. In a single serving, Ester-C® Advanced Antioxidant Formula delivers 3800 ORAC units, which contributes to your total daily antioxidant intake. Daily intake of this dual-action formula offers a significant level of antioxidant wellness, coupled with the 24-Hour immune support of clinically studied Ester-C®.*
