

**CONTAINS NO** artificial colors, flavors or preservatives; no wheat, gluten, milk, eggs, peanuts, tree nuts, soy, crustacean shellfish or fish.

Glucosamine is the major building block for proteoglycans and glycosaminoglycans (GAGs), the connective chains and latticework that bind to collagen to make up cartilage. Healthy cartilage is important for joint flexibility, and glucosamine can help protect cartilage.† Until recently, glucosamine was only available when sourced from shellfish. Our **Vegetarian Glucosamine** is sourced from plants, providing a 100% vegetarian product.†

**We Guarantee Our Supplements  
for Potency and Purity**
