Catabolic factors such as oxidative stress and inflammation attack our cells' energy-generating mitochondria more aggressively with each passing year. This degradation, combined with an age-related decline in our ability to absorb healthful nutrients, saps our energy, impacting our vitality and quality of life. **Nature's Plus[®] AgeLoss[®] Energy Support** is here to help, with nutritional fuel, featuring full-spectrum antioxidants that neutralize energy-draining free radicals and powerful, energizing herbs for peak vitality. **AgeLoss Energy Support** includes:

CatuabaForce[™] Cellular Fuel: Nature's first energizing herb, catuaba was widely used by New World natives long before Europe's discovery of coffee or tea. Although recently marketed as an aphrodisiac, blended catuaba tinctures remain a staple energizing drink throughout Native South American cultures. Similar to traditional preparations, **AgeLoss Energy Support** synergistically enhances catuaba's energizing activity with powerfully invigorating herbs, including guarana, ginseng, eleuthero and rhodiola for an unmistakable surge in energy.

REJUVALIC[™] Full Spectrum Antioxidant Blend: Achieving more than 3000 total ORAC value, this vibrant complex of antioxidant-packed botanicals rejuvenates your energy by combating the free radicals within the unique micro-environments of your cells' power-generating mitochondria.

FIRST DAY[™] Healthy Inflammation Response Blend: Antioxidant-dense whole foods and nutrients, such as olive fruit, turmeric and Thione Complex[™], promote healthy inflammation response. Green tea extract revitalizes and Coenzyme Q10 serves to protect and energize mitochondria.

B-Vitamin Complex: Enhanced by **AgeLoss Organic Gold Standard Potentiating Nutrients**, this highly absorbable full-spectrum B-vitamin blend catalyzes whole-body energy production.

AgeLoss Energy Support is an entirely new take on anti-aging energizing nutrition. Restore the youthful exuberance you deserve with **Nature's Plus[®] AgeLoss Energy Support!**
