8**Key Features:**

- Our whey protein is sourced from U.S. milk, produced by cows in the Mid-west region.
- The use of rBGH (recombinant bovine growth hormone) is not permitted, and the cows have access to grazing in fresh pasture.
- Only 2 g of carbohydrates per serving
- Sweetened with non-caloric, stevia extract, natural vanilla and FAIR TRADE cocoa.
- Pure-Tein Whey Concentrate has highly bioavailable undenatured proteins and branched chain amino acids, making it ideal to promote muscle repair, maintenance, and growth.[†]

Whey protein supports the body's ability to maintain, increase, and repair muscle.[†] It also provides micro-proteins such as B-lactoglobulin, A-lactalbumin, immunoglobulin, glycomacropeptide, and lactoferrin, which are important for immune system function.[†]

Whey surpasses even whole eggs in its ability to deposit nitrogen in the muscle.[†] The free-form amino acid glutamine has been added to further support muscle health.[†]

Our proprietary process uses only natural enzymes and high quality membrane filters to separate the whey and preserve essential nutrients. This state-of-the-art processing using low temperatures creates a complete spectrum of whey peptides, improving nitrogen retention, supporting immune system health, and providing antioxidant protection.[†] Whey supports cellular glutathione levels, one of nature's important antioxidants.[†]

The addition of soy lecithin allows for easy mixing. This lecithin is produced from traditional non-GM soybeans and the non-GMO status is analytically confirmed by ELISA or PCR testing.

†† Fair Trade Certified®

The Fair Trade, organic cocoa in our product uses cocoa beans harvested from the Yacoo cooperative in the Dominican Republic.^{††}

Typical Amino Acid Profile Per Serving:

Alanine.....	1,150 mg	Lysine□.....	2,093 mg
Arginine.....	568 mg	Methionine□.....	560 mg
Aspartic Acid.....	2,325 mg	Phenylalanine□.....	743 mg
Cysteine.....	687 mg	Proline.....	1,110 mg
Glutamic Acid.....	3,729 mg	Serine.....	931 mg
Glycine.....	393 mg	Threonine□.....	1,238 mg
Histidine.....	417 mg	Tryptophan□.....	459 mg
Isoleucine*□.....	1,332 mg	Tyrosine.....	787 mg
Leucine*□.....	2,597 mg	Valine*□.....	1,222 mg

* Branched Chain Amino Acid

□ Essential Amino Acid

Each serving fortified with an additional 75 mg L-glutamine.
