

SUGGESTED USAGE: Take 1 capsule daily, or as directed by your healthcare practitioner.

HOW IT WORKS: Glutathione is a small peptide molecule composed of three amino acids: glutamic acid, cysteine, and glycine. It is synthesized by every cell of the body for the proper detoxification of metabolic waste products and is essential for healthy immune system function.* Glutathione also plays a critical role in the body's defense system against oxidative stress by acting directly to neutralize free radicals, as well as by maintaining the activity of vitamins C and E.* This product has Glutathione in its reduced, active form for optimum bioavailability and includes Milk Thistle Extract and Alpha-Lipoic Acid as complementary ingredients.*

CAUTIONS/INTERACTIONS: None known.

Do Not Eat Freshness Packet. Keep in Bottle.

Natural color variation may occur in this product.
