Phosphorus (from milk mineral concentrate)	230 mg	23%
Magnesium (as magnesium oxide)	500 mg	125%

OTHER INGREDIENTS: Microcrystalline cellulose, stearic acid, croscarmellose sodium, magnesium stearate vegetable, silicon dioxide, titanium dioxide, polydextrose, hydroxypropyl methylcellulose, triacetin, and polyethylene glycol.

Adequate calcium intake is linked to reduced osteoporosis by slowing bone loss in older men and women. Regular exercise and a healthy diet with adequate calcium helps teen and young adult women build bone mass and maintain bone health and may reduce their risk of osteoporosis later in life.*

Core Cal-Mag provides milk calcium and calcium carbonate in a 2:1 ratio with magnesium, an important mineral in regulating the cardiovascular system and muscle contraction. Added vitamin D and phosphorus also support bone augmentation and maintenance.*
