

Resveratrol[▲]

advanced formula

- + clinically-researched resVida[®]
- + highly bioavailable*
- + boosts antioxidant protection*
- + helps neutralize free radicals*
- + supports healthy aging*

Resveratrol is a powerful compound found in red wine. Research suggests that resveratrol may be responsible for many of the health benefits associated with red wine consumption.* Youtheory[®] Resveratrol Advanced Formula captures the essence of red wine grapes... supplying a high purity trans-resveratrol called resVida[®]. This nature-identical form of resveratrol is highly bioavailable in the human body, and can help fight the effects of aging.* Feel the power of resVida[®]!
