

SUGGESTED USAGE: Take 1 tablet twice daily, or as directed by your healthcare practitioner.

HOW IT WORKS: GI Guard™ AM is a formulation for GI health using the clinically validated ingredient, PepZin GI®, a patented form of Zinc complexed with L-Carnosine.* PepZin GI® is slowly absorbed in the stomach, where it promotes normal mucous secretion, combats free radicals, and supports stable cell membranes.* PepZin GI® thereby helps to maintain the integrity of the stomach lining and its proper immune responses to the typically harsh gastric environment.* Numerous clinical studies have demonstrated that PepZin GI® can help to support GI health and promote gastric comfort.*

CAUTIONS/INTERACTIONS: There are no known drug interactions.

This bottle contains an AGELESS® Oxygen Absorber to ensure freshness. Do not eat packet.

Natural color variation may occur in this product.
