Collagen is a major structural protein (found in skin, bones, joints, muscles and blood vessels). As we age, collagen naturally breaks down and diminishes over time – leading to the early signs of aging. Youtheory® Collagen Powder is specially designed to help counteract this natural aging process.* Supplying six (6) grams of hydrolyzed collagen per serving, this convenient and easy-to-use product can help replenish the body's supply of vital collagen, while delivering powerful health benefits.* This formula is enhanced with Vitamin C and Biotin.
