

SUGGESTED USAGE: Take 1 capsule every 3 days with a fat-containing meal, or as directed by your healthcare practitioner.

HOW IT WORKS: The major biologic function of Vitamin D is to maintain healthy blood levels of calcium and phosphorus.* Vitamin D supports bone health by promoting calcium absorption and bone mineralization.* Vitamin D also plays an important role in immune function and helps to regulate cell growth and differentiation.*

CAUTIONS/INTERACTIONS: Although the Upper Limit for Vitamin D is 4,000 IU per day, comprehensive research demonstrates that higher dosages are safe. However, this product should be taken under the supervision of a healthcare professional. Vitamin D should be used cautiously by those taking cardiac glycosides and anyone with hypercalcemia. Vitamin D supplements may interact with atorvastatin and thiazide diuretics. If you are taking any of these prescription medications, consult your healthcare practitioner before using this product.
