FOR LIFE BALANCE®

Bromelain

2400 GDU/g
500 mg

Protein Digesting Enzyme*

90 Veg Capsules

A Dietary Supplement
Vegetarian/Vegan

SUGGESTED USAGE: Take 1 capsule 1 to 2 times daily, with or between meals, or as directed by your healthcare practitioner.

HOW IT WORKS: Bromelain is a proteolytic (protein-digesting) enzyme derived from the pineapple plant.* It is functional throughout a wide pH range and does not lose its activity as it goes through the acidic environment of the stomach.* Scientific studies indicate that Bromelain is highly bioavailable and may help to alleviate normal transient pain and discomfort associated with occasional overuse.* This product has 500 mg of natural Bromelain per capsule and is suitable for vegetarians.

CAUTIONS/INTERACTIONS: Do not use if you have a pineapple allergy. Bromelain may interact with anticoagulants and other blood thinning medications, as well as with certain antibiotics, including tetracycline and amoxicillin. Consult your healthcare practitioner before taking this product if you are pregnant/nursing, taking these or other medications, have a medical condition, or plan to have surgery.
