Other ingredients: Rice Bran, Cellulose Powder and Cellulose (capsule).

Protocol For Life Balance®, 395 S. Glen Ellyn Rd.
Bloomington, IL 60108, USA protocolforlife.com

Not manufactured with wheat, soy, milk, egg, fish, shellfish or tree nut ingredients. Produced in a GMP facility that processes other ingredients containing these allergens.

Serrazimes® is a registered trademark of National Enzyme Company.

Natural color variation may occur in this product.

Store in a cool, dry place after opening.

Please Recycle.

SUGGESTED USAGE: Take 1 capsule 1 to 2 times daily, between meals. **Make sure to take on an empty stomach.**

HOW IT WORKS: Serrazimes® is a proteolytic blend composed of enzymes derived from the edible fungi, *Aspergillus oryzae* and *Aspergillus melleus*. Serrazimes® acts systemically to maintain healthy immune system responses through their ability to break down protein-based immune cell secretions and facilitate their elimination.* Serrazimes® may thus promote vascular and respiratory health by supporting the body's own natural processes for both drainage and repair.* The enzymatic activity of Serrazimes® is equivalent to that of Serrapeptidase (a.k.a., Serrapeptase) and is suitable for vegetarians.

CAUTIONS/INTERACTIONS: Not recommended for pregnant/lactating women or young children. If you are currently taking any anti-coagulant (blood-thinning) medications, please consult your healthcare practitioner prior to use.

This bottle contains an Ageless® oxygen absorbing packet to ensure freshness. Do not eat packet.
