Trophix™ 5.0

ULTRA SUSTAINED-RELEASE PROTEIN

- Micellar Casein Blend with Whey Protein & Egg Albumin
- Glutamine Peptides
- Creamy, Full-Bodied Texture
- Mixes Instantly
- Delicious in Water or Milk

Strawberry Smoothie

Net Weight: 5.00 lb (2.27 kg)

Trophix™ 5.0
ULTRA SUSTAINED-RELEASE PROTEIN

Trophix™ combines four diverse protein sources (casein, egg albumin, whey protein and glutamine peptides) into one versatile product. Casein, the major protein source in Trophix™, is a slow-acting protein that is absorbed into the body over an extended period of time. This not only provides the body with a lasting source of amino acids, but also creates long-term feelings of satiety and fullness.

Completing Trophix's™ unique blend are whey protein, egg albumin and glutamine peptides. Whey is a fast-acting protein source which supports the immune system and supplies the body with tissue-building bursts of amino acids. Egg albumin is a well-rounded, medium-release protein that perfectly promotes the growth and maintenance of lean muscle tissue with its excellent amino acid profile and abundance of growth factors. Finally, glutamine peptides is a protein source unmatched in its ability to provide bioavailable glutamine, one of the most important building blocks in the human body. By imparting the unique benefits of these diverse proteins, Trophix™ is clearly the perfect protein powder to support both short- and long-term health and recovery.

As with all Syntrax® products, Trophix™ uses only the highest-quality protein sources and flavoring agents. These ingredients may be more expensive than those used in other protein powders, but they taste delicious, ensure instant mixability and retain all of their health benefits. With Trophix™, you'll never have to choke down a clump-filled, awful-tasting protein shake again.

INGREDIENTS: Dairy protein blend (milk protein concentrate•, whey protein concentrate*), non-dairy protein blend (hydrolyzed wheat gluten*, egg albumin*), natural and artificial flavors, soy lecithin, salt, acesulfame-K, sucralose, FD&C Red #40.

- Ultrafiltered and undenatured; includes micellar casein
- Promina™ brand; ultrafiltered and undenatured
- Source of glutamine peptides
- Undenatured

SUGGESTED USE: Mix one scoop of Trophix™ per 8 oz of water or milk. For those with lower protein needs, one half scoop may be consumed with 4 oz of water or milk. Note the extra calories when combined with milk. Consume Trophix™ two to three times per day to satisfy your protein requirements. Remember, the best times for consuming protein are immediately upon rising in the morning, after intense physical activity, such as weight training, and prior to sleep. Trophix™ mixes instantly with a spoon and tastes great . . . GUARANTEED!
