It's hard to ignore the celebrated appeal of cranberries. The delectable crimson berries have been used in a variety of ways – in liqueurs, on dinner tables as a sauce, or as ornamental accents on holiday wreaths. Cranberries are also known for their nutritional benefits - supporting the health of the urinary tract.*

Cranberries naturally contain proanthocyanidins, which help to deliver their important health benefits.* Taking Cranberry each day can promote urinary health by cleansing the urinary tract and helping to remove unwanted compounds.* Supplementation can also support the health and integrity of the bladder.*

Our beneficial formula also contains Vitamin C, and is a good source of Vitamin E. These potent antioxidants further support overall health and well-being by helping to fight free radical induced oxidative damage.*
