DOES NOT CONTAIN: Wheat, gluten, soy, animal or dairy products, fish, shellfish, peanuts, tree nuts, egg, ingredients derived from genetically modified organisms (GMOs), artificial colors, artificial sweeteners, or preservatives.

STORAGE: No refrigeration necessary. Store in a cool, dry place out of reach of children.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

ProbioMax[®] DDS is a chewable probiotic designed to activate in the oral cavity for support of healthy teeth and gums. As you chew the peppermint-flavored tablet, it releases the safe and powerful DDS-18[™] strain of *Streptococcus salivarius*—a beneficial bacterium that normally occurs in a healthy oral cavity. *S. salivarius* DDS-18 then attaches to cells in the oral cavity and colonizes, positively affecting the bacterial population therein and naturally detaching the teeth and gums. ProbioMax DDS can be used as a complementary addition to your daily oral and dental health regimen.*

DIRECTIONS: After your bedtime oral hygiene routine, chew one tablet slowly and completely before swallowing, or as directed by your healthcare professional.

Consult your healthcare practitioner prior to use. Individuals taking medication should discuss potential interactions with their healthcare practitioner. Do not use if foil is punctured.
