MILK THISTLE LIVER CLEANSE®

### Milk Thistle Liver Cleanse\*

Liver health is essential to the body's overall health. The liver performs many crucial functions including detoxification, filtration of toxins from the blood and production of bile to help breakdown fats in the body.

During our lifetime, we are exposed daily to chemicals and environmental toxins that may burden the liver. If the liver becomes overwhelmed, the body is less able to breakdown and excrete toxins, and this can have a negative overall effect on health and well-being.

Milk Thistle Liver Cleanse® is specially formulated to support liver function. This product helps protect and promote liver health, to assist the body's natural detoxification process.

Usage Warning: Do not use if safety seal is broken. Check with your doctor before using this graduct if you are using medication or have any medical conditions. Do not use if you may become pregnant, are pregnant or nursing. Do not exceed recommended daily intak Not intended for use by persons under 18. KEEP OUT OF REACH OF CHILDREN Store in a cool dry clare. WARMING: (State of California Pron 65) This product contains a other reconductive harm.

Detoxify • Cleanse • Rebuild At Nature's Secret' we believe that total

#### ho is Nature's Secret'?

body wellness is the key to overall health. The conventional approach to health sees the body as a set of separate parts, each needing their own separate treatments. Take a look at the way our medical system is organized - from cardiologists to dermatologists, we have a doctor for nearly every body part. But nature has a well-kept secret... there is no separation between any of our systems. They are all intricately connected Nature's Secret," we develop our products using this

whole-body philosophy.

We understand, for example, that sluggish digestion can lead to low energy levels and shouldn't always be supported with caffeinated energy tablets. Our approach focuses on the origins of imbalance, not the signs of imbalance. This is Nature's Secret," total body wholeness and wellness.
