

Respiratory Support & Defense™

Your lungs draw more than 20,000 breaths of air into the body everyday. Yet most of us take for granted how important respiration is to overall health and well-being. Respiratory Support & Defense™ is designed to nourish and support the entire respiratory system.* It supplies a robust blend of 14 botanicals including Fenugreek and Marshmallow. Plus it features NAC – a powerful amino acid to help maintain clear bronchial airways and boost levels of glutathione (a major antioxidant for the respiratory tract and lungs).† This product can be taken everyday for health maintenance or as needed for targeted support.*

Usage Warnings: Do not use if safety seal is broken. Check with your doctor before using this product if you are using medication or have any medical conditions. Do not use if you may become pregnant, are pregnant or nursing. Do not exceed recommended daily intake. Not intended for use by persons under 18. **KEEP OUT OF REACH OF CHILDREN.** Store in a cool, dry place.

Who is Nature's Secret?
At Nature's Secret® we believe that total body wellness is the key to overall health.

The conventional approach to health sees the body as a set of separate parts, each needing their own separate treatments. Take a look at the way our medical system is organized - from cardiologists to dermatologists, we have a doctor for nearly every body part. But nature has a well-kept secret... there is no separation between any of our systems. They are all intricately connected in a brilliant dance only nature could orchestrate. At Nature's Secret®, we develop our products using this whole-body philosophy.

We understand, for example, that sluggish digestion can lead to low energy levels and shouldn't always be supported with caffeinated energy tablets. Our approach focuses on the origins of imbalance, not the signs of imbalance. This is Nature's Secret®, total body wholeness and wellness.
