

Suggested Usage: Take 1 softgel 1 to 2 times daily with food.

Vitamin E is a major antioxidant and the primary defense against lipid peroxidation.* It is particularly important in protecting the body's cells from free radical/oxidative damage.* Cell protection against oxidative damage is achievable with supplemental intakes higher than what is normally consumed in the average diet.*

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

Some scientific evidence suggests that consumption of antioxidant vitamins may reduce the risk of certain forms of cancer. However, FDA has determined that this evidence is limited and not conclusive.

Caution: For adults only. Consult physician if pregnant/nursing, taking medication, or have a medical condition. Keep out of reach of children.
