ANTIBIOTIC FREE

COLD PROCESSED (UNDENATURED)

20 GRAMS OF PROTEIN PER SERVING

WEST INDIES COCOA

DIETARY SUPPLEMENT NET WT: 450g

Live for it

Our favorite uses for Whey Protein are to mix with water as a post-workout shake, blend with whole fruits and vegetables in a breakfast smoothie, or take as a between meal snack. After an outdoor adventure or an intense training session, we believe it is important to replenish and nourish our bodies so we can take on the day. We believe in getting the most of each day and proper nutrition makes that possible.

LIVE FOR IT.
Duke & Todd

RECOMMENDED USE: For a delicious shake, mix one scoop of Whey Protein with 6-8 ounces of cold water, milk or beverage of your choice. Shake well and consume as a post-workout recovery drink, morning shake or between meal snack.

WARNING: If you are pregnant, breastfeeding, under the age of 18 or taking medication, consult your physician before using this product. Store In A Cool Dry Place.
