Nature's Plus® AgeLoss- Brain Support counters the catabolic factors that accelerate brain aging. **AgeLoss Brain Support** is the first-ever supplement to supply a vast network of neuro-protective antioxidants along with major anabolic factors needed for healthy brain function.

REJUVAABOLIC™ Full Spectrum Antioxidant Blend: Achieving over 3000 total ORAC value, this vibrant complex of antioxidant-packed botanicals such as grape seed, wild bilberry and blueberry, plus key anti-aging compounds trans-resveratrol and quercetin, target age-accelerating free radicals.

FIRST DAY™ Healthy Inflammation Response Blend: Antioxidant-dense whole foods and nutrients, such as olive fruit and turmeric, promote healthy inflammation response. Thione Complex™ supplies N-acetyl-cysteine, which promotes improved brain levels of the anti-aging antioxidant enzyme, glutathione.

Lecithin Phospholipids: These critical brain nutrients, including phosphatidylcholine and phosphatidylinositol, promote healthy mental processing, cognitive function clarity and memory. Phosphatidylserine is a building block of brain cells needed for neurotransmitter production, brain energy and neurogenesis.

CogniPlex™: CogniPlex supplies a brain-power-packed array of neuronutrients, including blood-flow-boosting ginkgo, 10 mg brain-nurturing vinpocetine, and a full 50 mcg of synapse-stimulating huperzine-A.

AgeLoss Organic Gold Standard Potentiating Nutrients (amla, guava, holy basil, lemon, brown rice and curry leaf extract) optimize these age-defying nutrients.

AgeLoss Brain Support provides the restorative nutritional support for peak cognition and memory. Powerful nutrition that protects brain cells, encourages neurotransmitter performance and sparks neurogenesis. **AgeLoss Brain Support** is the most sophisticated anti-aging cognitive supplement ever developed!
