THE PROBIOTIC COMPANY™

Since 1979, we have manufactured probiotics in the U.S. It's all we do, it's all we've ever done.

Our clinically researched products are formulated by world renowned probiotic experts who are dedicated to delivering the most advanced probiotic supplements.

THE DDS-1 DIFFERENCE

Our trademarked superstrain, *Lactobacillus acidophilus* DDS-1, is backed by over 35 years of clinical research in the areas of digestive and immune health.

POTENCY PROMISE™

Potency guaranteed until time of expiration.

FPO

SUPPORT FOR TOYS TO TEENS

A developing digestive system requires a balance of good bacteria. In growing infants and children, vital *Bifidobacteria* species tend to be at less than ideal levels. This can lead to poor digestion, a weakened immune system, or issues with respiratory and skin health.

UP4™ CHILDREN'S is formulated with 80% *Bifidobacteria* plus *Lactobacilli* to provide overall digestive balance for growing bodies. This formula is backed by clinical studies for digestive, immune, skin and respiratory health.*

DIGESTIVE AND IMMUNE HEALTH

Features over 80% *Bifidobacterium lactis* UABla-12™ plus our trademarked superstrain *Lactobacillus acidophilus* DDS-1 to support digestive and immune health.

RESPIRATORY HEALTH

This proven formula is backed by a clinical study in the area of respiratory health in children ages 3-12. *European Journal of Clinical Nutrition* [2015] 1-7

SKIN HEALTH

This proven formula is clinically studied to support skin health in infants and toddlers. *American Journal of Clinical Dermatology* 2010;11(5):351-61
