

PROFESSIONAL USE ONLY

Not for resale on third-party websites,
including, but not limited to, Amazon® and eBay®.

DIRECTIONS: Dissolve the contents of one stick pack (350 billion CFUs^{††}) into 1-2 oz of pure water and consume once daily, or take as directed by your healthcare practitioner.

Consult your healthcare practitioner prior to use. Individuals taking medication should discuss potential interactions with their healthcare practitioner. Do not use if tamper seal is damaged.

ProbioMax® 350 DF features a diverse blend of HOWARU® and FloraFIT® probiotic strains to support a healthy gut microbiome. Each strain is well-researched and identity-verified and has been genetically characterized and properly classified for your safety and assurance. These strains were not only selected for their health benefits and complementary actions but also for their viability and stability.*

With the 18 different strains of health-promoting bacteria provided in ProbioMax 350 DF, the impact on multiple body systems and functions—such as on immunity, digestion, metabolism, and cytokine production—is maximized because different strains have slightly different functions and are concentrated in various places along the digestive tract. Using a variety of strains also mimics a healthy diet that includes foods containing live and active bacterial cultures, such as fermented foods.*

To protect the bacteria from light and moisture, each flavoring- and sweetener-free serving of ProbioMax 350 DF comes in an opaque, foil-lined stick pack.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

STORAGE: Keep tightly closed in a cool, dry place out of reach of children.

DOES NOT CONTAIN: Wheat, gluten, soy, animal or dairy products, fish, shellfish, peanuts, tree nuts, egg, artificial colors, artificial sweeteners, or artificial preservatives.
